Dedication

We, the class of 1976, wish to dedicate this edition of the Spindrift to Miss Theodosia Gray. We would like to thank her for her guidance and understanding in her five years here at Sumner. She has been an unforgettable teacher. But more than that, she has been a friend.

Appreciation

We would like to thank Jeff Smith for the time and effort he has put into the Student Council. The class of 1976 wishes to take this opportunity to extend our sincere appreciation for all he has done at Sumner.

Once upon a time we lived with hearts that raced and minds that dreamed and clocks that had no hour hand.

With common goals and common longings we worked, we loved, we played, we won.

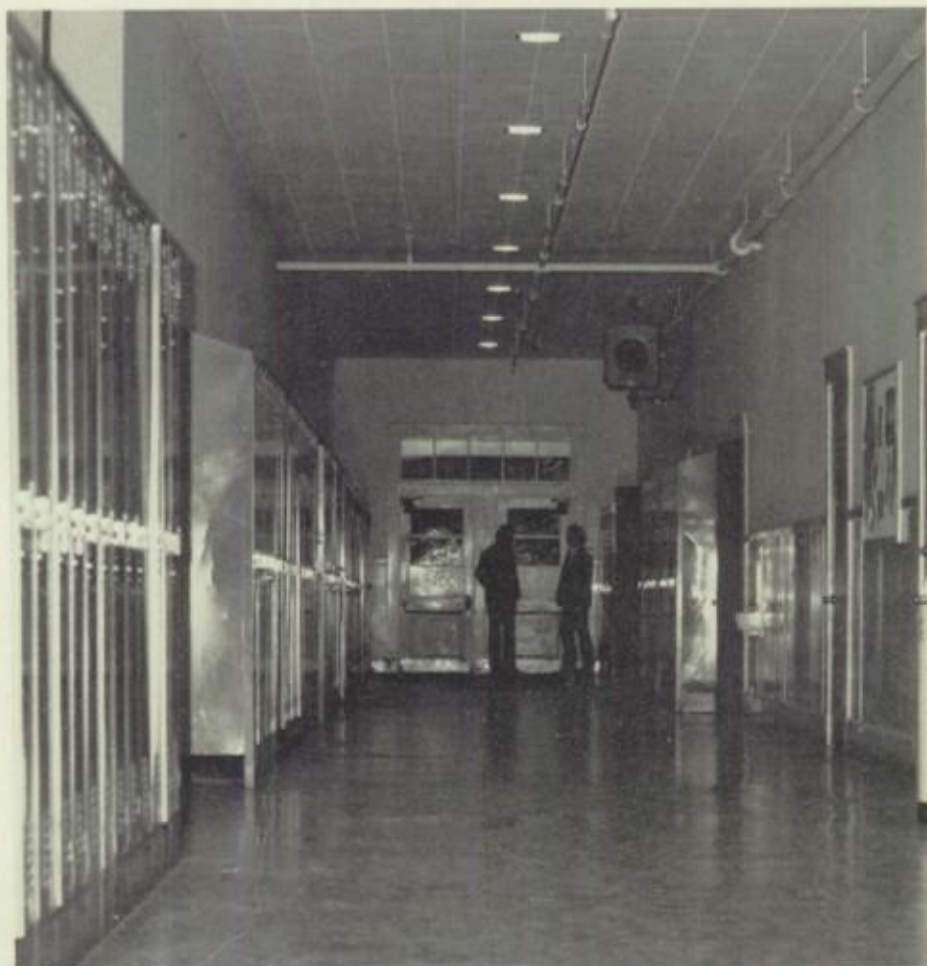

Those were our school days, our happy days. They were real because we made them real.

And then, as suddenly as they had dawned, they faded into the less carefree days of adulthood. And finally they are now gone . . . those happy days in school.

Around the corner are the unknown days of tomorrow . . . who knows the future they will bring.

This year the Student Cooperative Association made great strides toward becoming a firm and powerful school organization.

Accomplishments never before seen in this school were many and varied. The Sumner High School store finally opened supplying the students with most of their needs.

The Cooperative Association also provided the school with a complete program of entertainment throughout the year including Donkey Basketball, regular dances, raffles, and assemblies.

Most important, however, is that we've moved much closer toward our goal of forming the Student Council into a permanently strong fixture in the Sumner scene.
